

How it works

This summer, everyone gets to join in the summer reading fun! Grab a packet at any library service desk.

Children ages birth to pre-k get our Kids' Activity Sheet. For every 10 activities completed, visit the library so your child can pick a prize! If you and your child complete all 25 activities, let us know so your child can be entered in our kids' grand prize drawing!

Kids entering grades k-6 get our Kids' Reading Record sheet. Each circle represents 30 minutes of reading or listening. For every 5 hours completed, visit the library so your child can pick a prize! If your child completes all 25 hours, let us know so your child can be entered in our kids' grand prize drawing!

Teens entering grades 7-12 get our Teen Reading Record sheet. Use the lines to keep track of time spent reading. For every 2 hours completed, come to the library to be entered in our weekly teen prize drawing. At the end of the summer, all entries will be used in our teens' grand prize drawing!

Adults ages 18 and older get our Adult Summer Reading Criteria sheet and the Adult Reading Record sheet. For every book you read that matches one of our 36 criteria, come to the library to get entered in our weekly prize drawings! At the end of the summer, all entries will be used in our adults' grand prize drawing!
